Subject: Statement of Purpose for studying in Canada

I am writing to apply for the visa to study towards a post graduation degree in computers in Canada. After completing my bachelor's degree in computers in India, I have been looking forward to studying post graduation in the field of computers abroad. Having gone through various universities in Canada, I am convinced that the program and curriculum offered by undefined in Canada is the perfect fit to set me on the path to become a successful professional in the field of computers. I believe that the expert faculty, up-to-date technology, and rich academic experience offered by this university will fulfill my aspirations in the field of computer sciences.

I have successfully received an admission to the post graduation program in computers at undefined in Canada and I am thrilled to be taking this opportunity to make the most of it while learning from world-renowned experts in the field. I am confident that the education I acquire at this university would open avenues to pursue a successful career upon my graduation.

Given my past academic record I am certain that I will be able to perform well and make a significant contribution to the development of the university and the profession. I am committed to making full use of the resources available at the university in order to be the best student to fit in its curricula.

I request your favorable consideration for the visa so that I can pursue full time education at undefined in Canada. Thank you for your time and attention.

Thanks & Regards
sanjay
