

I am writing to express my interest in applying to a graduate program in a Canadian university. I am confident that my strong academic background, my passion for learning, and my motivation to become successful in my chosen field of study, will make me an ideal candidate for the program.

Throughout my undergraduate years, I have worked hard to develop a strong academic record as a student, while also being engaged with the community through extracurricular activities. During this period, I have cultivated the skills, knowledge, and potential to pursue an established career in my chosen field of study, namely business and finance. Therefore, embarking on my graduate studies in a Canadian university would provide the most suitable environment and platform to further improve upon my existing skills and knowledge.

I am particularly interested in Canada due to its friendly atmosphere, modern infrastructure and transportation systems, and its commitment to international education programmes. I feel confident that my time studying abroad will be both an educational and cultural experience, and will propel me a step ahead in the Ottawa finance job market. I also understand that given the competitive nature of Canadian graduate programmes, I stand as a deserving candidate due to my enthusiasm and passion to make a difference through my studies.

Thank you for your time and consideration. I look forward to receiving your response and am confident that I will make a great addition to your graduate school.
